

Residents of Aged Care Homes are a high-risk group for dental problems - multiple medical conditions and cognitive decline make daily oral care difficult, which can contribute to pain and infection and accelerate the need for acute care. Mobile Dental Services provides onsite Dental Services staffed by a team of professionals highly experienced in the care of the elderly. Measures are in place, over and above our regular clinical precautions, to ensure we can continue to provide the very safest and best of care during Covid times.

Giving you a pain-free mouth to enjoy life's small pleasures:
Laughing, Smiling and Eating Good Food
